Coding Competition

CSI Student Branch, MUST Lakshmangarh organized a Coding Competition in School of Engineering and Technology, Mody University on the 11th of November 2019. The event began by the arrival of Dr. Anand Sharma, wherein he inaugurated the event.

More than 50 enthusiastic participants attended the session. The participants were given one hour to solve the given problems. The questions were designed to challenge the students and promote out of the box thinking, problem skills, and analytical thinking. There was turn up from first, second and third year as well, each year was given different questions according to their level. The students enjoyed the event and also said that it was a good opportunity for them to enchance their skills.

The winners of the competition were gifted Amazon pay gift card as the prize. From the first year there were two winners i.e. Amrita Mukherjee and Ananya Nagar. Shefali secured the first position from second year. There was no winner from the third year but every participant gave their best. The organisers also managed the event very well.

The Coding competition was concluded by seven in the evening by a vote of thanks by Ms Aditi Pansari. Overall, the competition was organized by Student Branch of CSI in Mody University was a huge success. Students were able to check their coding skills and were also `inspired to enhance them.
