

## Seminar on **GOOGLE AND ITS SERVICES**

Today we are living in the era of Technology or commonly said the era of Internet and talking about that the first name which comes to every one's mind is GOOGLE.

Keeping the same thought in mind UTKARSH : CSI Student Branch, MUST organized a seminar on “**GOOGLE and It's Services**” in association with CSI Lakshmangarh Chapter on 16<sup>th</sup> October 2018 at ABB-01, SET, Mody University of Science and Technology, Lakshmangarh. The seminar was presented by the coordinators from UTKARSH under the guidance of Dr. Anand Sharma, SBC, CSI-MUST.

Many unexplored facts about Google were explored on the day. Different projects under Google or launched by Google like, “Project LOON”, “Project SOLI”, and “Google SMART LENSES” were explained, these projects will be boon in fulfilling the demands of the generations. Around 45 students participated in the same and they came to know about the 150+ services offered by Google. Many quizzes and rapid-fire rounds were there in which all the gathering participated enthusiastically and had a lot of fun. Different attractive prizes were distributed among the winners of the quizzes and all other rounds.

The event was a success with the active participation of the enthusiastic crowd. The hard work done by the team UTKARSH in making the event success was worth appreciating.
